Buy Smart!*

A wide range of luxury products.

Who we are

Established in 1955, Nazir Industries manufacturing a large range of electric fans is the parent company of Naveed Industry. Naveed Industry is manufacturing complete range of Plastic Fans in Pakistan which were being imported from other countries before. We have been supplying our products to the leading companies of Pakistan. We have been manufacturing superior quality Exhaust fans, Bracket fans, Louver fans for over two decades; striving for the quality products. In 2015, Naveed Industry introduced Smart Fans with the aim of manufacturing high quality products in Pakistan. Our goal is to go beyond the expectation of our customers by providing them, products of outstanding quality and greater value, to extend presence in international market through innovative technology and make the Smart Fans brand an icon and symbol of quality throughout the World. We are doing our best to promote made in Pakistan products to create more and more opportunities for the people of our country and reducing our imports to the lowest. We have got excellent response from our country and now we are looking forward to export our products to other countries. Our products aim for reliability, energy efficiency, optimum performance yet affordable.

All of this would not have been possible without the endless work of our talented workers who are always looking for technology developments. Their learnings are then incorporated in the production process to guarantee the finest for our costumers.
